

GVPBC Competitive Play Events

With the opening of the PBC several new competitive play events will be introduced. These will be in addition to the Round Robins currently in place. These events **require** that you are a member of the GVPB Club in order to register. To access your member information go to the GVPB Club member Logon: [Click Here](#). A link to this website is available on the Club website [Click Here](#) . If you have problems email: greenvalleypickleballclub@gmail.com. These events will use Pickleball Plus for signup that uses the same username and password as your club member logon.

These events will normally have specified skill level requirements.

Initially two types of events will be introduced: Ladders and Doubles Shuttle.

Ladders. Ladders are an ongoing event that every time a player participates in ladder play their score will be recorded and entered in to the management system. After signup you are not required to play on a designated date and time. You show up at the courts at the court schedule day and time and you will be placed on player list and play a Round Robin with other players with a similar winning percentage. For a description – [Click Here](#)

Team shuttle. Players will sign up as play partners and after initial seeding will move between courts based on winning and losing. This differs from the individual shuffle where the winning/losing teams split. Teams preparing for tournaments should consider this event. Once started these games will on occasion be club referee practice games. For more information – [Click Here](#)
